A Mighty Struggle Reported to Be Taking Place in the Vicinity of Ladysmith.

THE BOERS OUTNUMBER THE BRITISH.

Advices From Berlin Are That the British Have Surrendered and Are Prisoners of War.

The Delay in the Boer Attack Reported to Be Due to the Non-Arrival of Commandant Gen. Joubert's Column.

LADYSMITH, Oct. 31.—Firing commenced at 5:30 Monday morning, the Boers shelling Ladysmith with 40-pounders. After seven shots the British guns started in, silencing the Boer fire. A force of Boers is now advancing on the British left flank.

BERLIN, Oct. 31.—A report received from Holland says that the entire British army at Ladysmith has surrendered, and that the troops are now prisoners of war.

LONDON, Oct. 31.—The dispatch of from Ladysmith Monday morning, which was sent at express rates, came through in the remarkable time of two hours. It shows the crisis which the present stage of war operations has reached and that the expected attack on Ladysmith by the joint Boer forces has opened.

TULL RHODES, Oct. 31.—The Boers have been harassing the British under Maj. MacKenzie and Wilson at Rhodesdrift. Having ascertained the numbers of the enemy, the British were ordered to retire to Tull fort, 20 miles north.

The British casualties in the encounters at Rhodesdrift include Capt. Blackburn and two troopers killed and five missing. The Boers' loss is 12 killed.

KIMBERLY, Oct. 31.—The Boer losses in the recent skirmishes about the town are 12 killed and 45 wounded.

LONDON, Oct. 31.—The war office here has received a dispatch which says Gen. White has fought an engagement, presumably with Gen. Joubert's forces, which was pushed back after several hours' fighting. The British lost about 100 men and the Boer losses were much greater. The Boers were in large numbers and had better artillery.

The correspondent of the Times, at De Aar, under date of October 29, says: "A dispatch from Kimberly states that Cecil Rhodes has mounted and

equipped a town guard of 400 men at an expense of £15,000. We have provisions enough to last nine months. It will probably be impossible to send further dispatches. The Boer blockade to the southward is more stringent than ever. The miners are still working."

LONDON, Oct. 31.—The position at Ladysmith, without being alarming, is sufficiently dangerous to excite anxiety. Evidently the Boers are trying to repeat their Dundee tactics.

Roughly estimated they have 17,000 men as against 12,000 British.

Gen. Sir George Stewart White has the better artillery, but his is of lesser range. The delay in the Boer attack is reported to be due to the non-arrival of Commandant Gen. Joubert's column. This has given the British a much needed respite after their recent exertions.

Everything, it is now considered, hinges upon Gen. White's resource and judgment. Nothing is known regarding the progress of defensive works for the protection of Ladysmith. The censorship is more active than ever.

According to the Daily Chronicle's correspondent, "the new regulations limit the number of words allowed for press messages to one-fourth the number allowable before."

Farmers in the neighborhood of Ladysmith have left their farms and stock at the mercy of the Boers and are congregated in the town. The two guns the Boers have mounted are powerful weapons. They are the ones used in shelling Dundee, and it is a matter of considerable surprise how they managed to transport such heavy pieces.

Again it is reported that President Kruger accompanied Gen. Joubert to the front in a splendidly fitted traveling wagon.

The Standard's correspondent at Ladysmith telegraphing Saturday, sends a statement that the Boers have captured 1,500 mules, a loss that must seriously inconvenience British transport.

The wife of Gen. Jan Kock has arrived at Ladysmith under a flag of truce to nurse her wounded husband. All the un wounded Boer prisoners have been sent to Durban to prevent any attempt at rescue.

The explanation of the alleged Boer massacre at Dundee appears to be that a portion of the town guard, although fairly warned by Gen. White before his retirement, continued to carry arms, and 39 of them were shot before the Boers discovered what they were.

The body of Sir William Symonds was buried without a coffin, shrouded in the union jack. Among the papers found upon him was a telegram from Lady Symonds congratulating him upon his success.

ISLAND OF GUAM.

Capt. Leary, the Naval Governor, Reports Trouble From Hostile Influence of Friars.

HIS AUTHORITY BEING SUBVERTED.

All Efforts to Change Conditions for the Better Were Being Opposed and Defeated.

All Who Were Not in Sympathy with the New Form of Government Were Requested to Leave, Which Was Accepted by All Who Obed.

WASHINGTON, Oct. 31.—The navy department has received a report from Capt. Leary, the naval governor of the island of Guam, in the Ladrone, which has excited a good deal of interest among the officials to whom it has been exhibited. The president himself has read the report, his interest being particularly attracted by the disclosure of the fact that the first American governor of the island has already been obliged to adopt heroic measures to insure a proper administration of affairs there. Capt. Leary soon learned that his authority as governor was being subverted and every one of the measures of reform which he proposed was being defeated by the hostile influence of the friars. They resisted every decree, no matter of what character, from a spirit of intense conservatism, and a belief that any disturbance of the order of things which had governed the island for so many years would cause them to lose their hold upon the natives. After exhausting all other means to overcome this influence, Capt. Leary reports that he was obliged to notify half a dozen of the friars that they might have free transportation away from Guam and he should expect them to avail themselves of the offer. That left but one friar on the island. He was a man whose character and reputation was such as to convince Capt. Leary of his fitness to remain.

FUNERAL PARADE.

The Remains of Gen. Henry Taken to the Pennsylvania Train That Conveyed It to Washington for Interment.

NEW YORK, Oct. 31.—The largest and most impressive military funeral parade since the death of Gen. William T. Sherman took place Sunday morning when the body of Gen. Guy V. Henry was removed from his residence to the Pennsylvania train that conveyed it to Washington, where interment will be made in Arlington cemetery. The services at the residence were conducted by Rev. John Huske, of St. Thomas Protestant Episcopal church, and consisted of simple prayers, lasting not more than ten minutes. The coffin was partially covered with a silk American flag. Numerous floral pieces were on the mantels and a few on the foot of the coffin. The immediate family, relatives and the most intimate friends were present at the house service.

WASHINGTON, Oct. 31.—Gen. Guy V. Henry was given military burial at Arlington Monday, his grave being close to the Temple of Fame and within sight of that of his old commander, Gen. Crook. The president and the secretary of war and other members of the cabinet attended services, both at the church and the cemetery. The military escort consisted of a battery of artillery, Troop I, of the 8d cavalry, now stationed at Fort Meyer, where Gen. Henry was once in command, and the members of the Guy V. Henry garrison, a colored veteran association, comprising many of the old troopers of the 10th cavalry who served under Henry in the west.

CHARLESTON, W. Va., Oct. 31.—The strike of coal miners in the New river district has been officially declared off. The strike started six weeks ago for an advance of five cents a ton. GOING FORWARD.

Gen. Young, With Infantry, Is Advancing Upon Cabanatuan—The Gunboat La Guna de Bay Disperses Rebels.

MANILA, Oct. 31.—Gen. Young with the infantry is advancing upon Cabanatuan under difficulties. The country is furrowed with rivers and deep ravines, the bridges over which have been destroyed, the mud is deep, rations are short and the transportation of supplies has been delayed by low water and the poor condition of roads. There are sufficient stores however to keep the brigade.

The insurgents for a long time have lived off the country, impoverishing it. The American horses are not yet accustomed to the native grass and a long bullock train has left San Fernando, carrying hay for the cavalry.

The Spaniards report that there are no insurgents at Cabanatuan. The gunboat La Guna de Bay dispersed a force of rebels who were engaged in constructing trenches beyond Santa Rosa. The boat was fired upon by a party of insurgents bearing a white flag. She is now aground. Numbers of Chinese are coming to Angeles from Tarlac, paying the insurgents for the privilege.

It is reported that Aguinaldo and the Filipino congress are still at Tarlac. There are about 500 insurgents before Angeles. They have been quiet for the past week. Two thousand rebels are at Bataan, five miles to the north. Gen. Bates has been recalled from San Fernando and ordered to sail for the southern islands as soon as possible.

WASHINGTON, Oct. 31.—The war department has received the following from Gen. Otis:

MANILA, Oct. 30.—Detachment Bull's regiment, 36th volunteers, reconnoitering towards Florida Blanca, West Guagua, struck a body of insurgents in newly constructed trenches. Attacked and drove enemy, who left in hands of detachment four insurgent officers and eight men killed, three prisoners and nine rifles. Casualties, Capt. French and Lieut. Ferguson wounded, not dangerously; one enlisted man killed; six wounded.

It was announced before the meeting that all the sessions would be secret and that none of the deliberations would be made public until the commission had finished its labors. Col. GEN. LEE ON CUBA.

People of the Island Slowly But Surely Rebuilding Their War-Wasted Homes.

INDUSTRIAL SITUATION IMPROVING.

The General Thinks the Time is Not Ripe Yet, However, for a Purely Cuban Government.

The Cubans Are Tractable and Quiet and the Revolution Has Given Them Self-Respect and Self-Reliance—Money Gradually Going Into Cuba.

WASHINGTON, Oct. 31.—Gen. Fitzhugh Lee, who arrived in Washington Saturday night from New York, in an interview Sunday, said that the people of Cuba are steadily improving under the existing protectorate of the United States, and are slowly but surely rebuilding their war-wasted homes and repairing their crippled fortunes.

Life and property are secure in Cuba owing largely, he said, to the salutary restraint exercised by American military authority. He thinks the time not ripe yet, however, for a purely Cuban government. "Cuba," said Gen. Lee, "is improving. The Cubans are tractable and quiet and the revolution has given them self respect and self-reliance."

"Their impulses are generally in the right direction, but of course, both in the theory and practice of self-government, they are wholly without experience. There is among certain Cubans a deep seated prejudice against some men who, the Cubans think, oppressed Cubans under Spanish rule, and if given a free rein the Cubans would make short work of them."

"The United States government is pledged to grant independence to Cuba after the island has been pacified, and I believe that promise should be fulfilled just as swiftly as we can in reason and justice. The industrial situation is improving and money is gradually going into Cuba, but nothing like as fast as it would if investors were sure that property would remain safe for years to come and be protected by a government strong enough to enforce law and order."

A MAGICIAN'S MISHAP.

A Mistake Was Made in Loading a Pistol Used in the Performance and He Was Killed.

NEW YORK, Oct. 31.—Michael Hatal, a magician, died at Bellevue hospital Monday from two bullet wounds in his breast. He was shot down in the presence of a large audience while performing his act, which was to pretend to catch between his teeth leaden bullets fired from a revolver in the hands of an assistant. Instead of the usual "stage" bullets made of soft chalk real bullets were either accidentally or purposely placed in the weapon and a soldier called from the audience, Frank Benya responded, and when the pistol was discharged Hatal gave a piercing shriek and fell bleeding to the stage. He only survived long enough to exonerate Benya. It is not known whether Hatal in loading the revolver made a mistake or purposely placed bullets in it.
